

4K Video Conference Camera With Expansion Microphone

DC-VC4K-E1

DESCRIPTION:

Achieve seamless communication and collaboration with the DGX DC-VC4K-E1, a professional-grade 4K video conferencing camera featuring an innovative expansion microphone system. This meticulously designed solution caters specifically to small and medium meeting rooms, ensuring pristine visual clarity and exceptional audio capture for every participant.

The DGX DC-VC4K-E1 boasts a state-of-the-art 4K ultra-high-definition image sensor with EPTZ (electronic pan, tilt, and zoom) functionality. This empowers users with detailed close-ups and flexible framing capabilities, optimizing the visual experience within any meeting space. Beyond the exceptional image quality, the DGX DC-VC4K-E1 leverages cutting-edge third-generation full-duplex voice communication technology. This translates to dual high-fidelity 5W speakers for crystal-clear audio delivery, complemented by a system of up to four wireless omnidirectional microphones. Each microphone boasts an impressive pickup range of at least 2 meters and incorporates flexible movement, ensuring clear capture of even the most distant voices.

FEATURES:

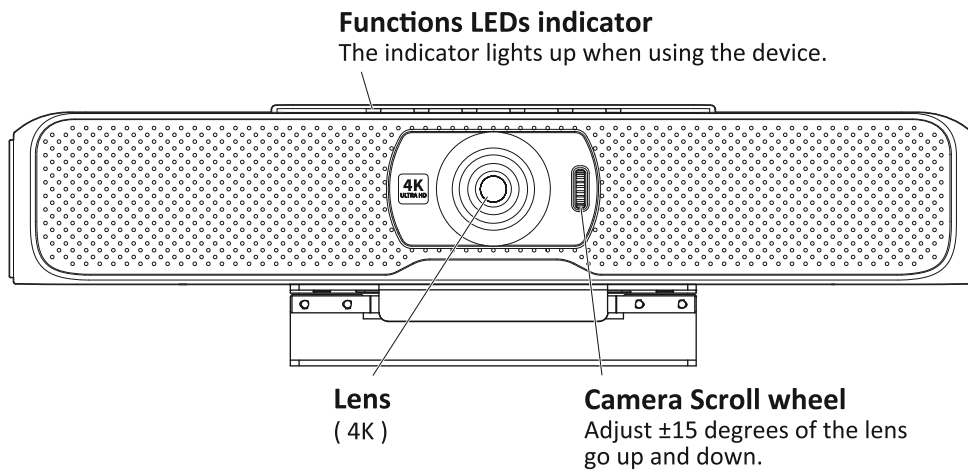

- **4K Sharpness:** See every detail with a stunning 4K camera, perfect for presentations and remote teamwork.
- **Flexible Framing:** EPTZ controls let you adjust the view for any meeting room layout.
- **Powerful Audio:** Dual 5W speakers and wireless mics (up to 4) ensure everyone is heard clearly, even in large rooms.
- **Crystal-Clear Calls:** Advanced noise cancellation keeps background noise out of your meetings.
- **Long-Lasting Mics:** Wireless mics stay charged for up to 3 months on standby and 4 hours of use, with fast charging for worry-free meetings.
- **Simple Setup:** Just plug in the USB cable - no drivers needed.
- **Mount Anywhere:** Desk, wall, or hanging - choose the perfect fit for your space.
